

# SunLine Transit Agency's Pathway to Hydrogen

Presented to  
National Clean Cities Conference

May 2003

**SunLine** *Today's Model For Tomorrow's World*

**SunLine** *Today's Model For Tomorrow's World*

**SunLine** *Today's Model For Tomorrow's World*

Performance  
+ Efficiency  
Fuel Consumption  
**CNG bus**

**Plus** reduces greenhouse gas emissions

**The cost of a new fuel cell bus:  
10x the cost of a new CNG bus**

**Rehab and upgrade to blended fuel:  
 $\frac{1}{2}$  the cost of a new CNG bus**

# **Advantages**

**Lower emissions, comparable  
performance**

**Bridge to fuel cells**

**Develop hydrogen infrastructure**

**THANK YOU  
THANK YOU VERY MUCH!**
